

innovi Updates - May 4th 2021

Dear innovi User,

Here are innovi's latest feature updates:

- 1 **Monitor** - enable selecting multiple events using the shift key
- 2 **Edge** - add support for 4:1 aspect ratio
- 3 **Administrator** - enable live view when editing rules
- 4 **Investigation** - update the displayed time when animating an event
- 5 **Administrator** - group camera settings by topic
- 6 **All modules** - sort entity filters by name
- 7 **Administrator** - align camera rule UI to the Investigation module behavior
